

JASPER TANIA

UI/UX DESIGNER & FRONT-END DEVELOPER

Dagupan City, Pangasinan, Philippines | +63 966 378 9064 | taniajaspher0@gmail.com | <https://jino-profile.vercel.app/>

PROFESSIONAL SUMMARY

UI/UX Designer with an Information Technology background and front-end development experience, specializing in responsive web and mobile design. Skilled in Figma, wireframing, prototyping, user flows, and design systems, with the technical knowledge to translate designs into practical, development-ready experiences. Comfortable reading and understanding front-end code, identifying areas for improvement, and using AI-assisted workflows to support implementation and iteration.

TECHNICAL SKILLS

Design: Figma, Wireframing, Prototyping, User Flows, Visual Design, UI/UX Design, Design Systems

Front-End: HTML, CSS, JavaScript, TypeScript, React, Flutter, Dart

AI-Assisted Design & Development: ChatGPT, Gemini, Copilot, Cursor, v0, Figma Make

Development & Creative Tools: Git, VS Code, Notion, CapCut Pro

PROFESSIONAL EXPERIENCE

Boom Technologies Inc. — Web Developer & UI/UX Designer

Dec 2025 – Mar 2026

- Designed responsive interfaces and contributed to a multi-page administrative platform for content analysis, file management, reporting, and AI-powered workflows.
- Translated product requirements into user flows, prototypes, and development-ready interface designs.
- Collaborated with developers to implement and refine application features while maintaining usability and visual consistency.
- Used AI-assisted workflows to accelerate prototyping, implementation, troubleshooting, and design iteration.

Simple.biz — Freelance Video Editor

Dec 2025 – Mar 2026

- Produced documentary-style content focused on visual storytelling, pacing, composition, and narrative clarity.
- Translated client requirements and brand guidelines into polished deliverables while managing concurrent projects and deadlines.

SELECTED PROJECTS

Sakay — Web & Mobile UI/UX / Front-End Development

Led the Figma design for both the web administration platform and mobile experience, and led front-end implementation; the project received Best System Development, with my work recognized as Most Outstanding UI/UX Designer.

Clarify — UI/UX & Front-End

Designed and developed interfaces for document analysis, information review, risk assessment, and administrative workflows for an AI-powered platform.

EDUCATION

PHINMA University of Pangasinan

2022–2026

Bachelor of Science in Information Technology

Major in System Development
