

JASPER TANIA

UI/UX DESIGNER & FRONT-END DEVELOPER

Dagupan City, Pangasinan, Philippines | +63 966 378 9064 | taniajaspher0@gmail.com | <https://jt-portfolio-rho.vercel.app/>

PROFESSIONAL SUMMARY

UI/UX Designer with an Information Technology background and front-end development experience, specializing in responsive web and mobile design. Skilled in Figma, wireframing, prototyping, user flows, and design systems, with the technical knowledge to translate designs into practical, development-ready experiences. Comfortable reading and understanding front-end code, identifying areas for improvement, and using AI-assisted workflows to support implementation and iteration.

TECHNICAL SKILLS

Design: Figma, UI/UX Design, Wireframing, Prototyping, User Flows, Responsive Design, Visual Design

Front-End: HTML, CSS, JavaScript, TypeScript, React, Next.js, Flutter, Dart

AI-Assisted Design & Development: ChatGPT, Gemini, Copilot, Cursor, v0, Figma Make, Google Stitch

Development & Creative Tools: Git, GitHub, VS Code, Notion, CapCut Pro

PROFESSIONAL EXPERIENCE

Boom Technologies Inc. — Web Developer & UI/UX Designer Intern

Dec 2025 – Mar 2026

- Designed responsive interfaces for Clarify, a multi-page platform supporting document analysis, information review, risk assessment, file management, reporting, and AI-powered workflows.
- Translated product requirements into user flows, prototypes, and development-ready interface designs.
- Contributed to front-end implementation and collaborated with developers to refine features while maintaining usability and visual consistency.
- Supported implementation, troubleshooting, and design iteration using AI-assisted development workflows.

Simple.biz — Freelance Video Editor

Dec 2025 – Apr 2026

- Produced documentary-style video content focused on visual storytelling, pacing, composition, and narrative clarity.
- Translated client requirements and brand guidelines into polished deliverables while managing multiple projects and deadlines.

CAPSTONE PROJECT

Sakay — Lead UI/UX Designer & Front-End Developer

Served as the lead UI/UX designer for the capstone project, leading the design of the web administration platform and mobile experience in Figma. Defined user flows, interface structure, responsive layouts, and the overall visual direction, while also contributing to front-end implementation with the development team.

Recognition: Best System Development | Most Outstanding UI/UX Designer
